

There were nearly a quarter of a million people living in Brown County in 2014. The following population pyramid from the 2010 U.S. Census shows how we are spread across age ranges by gender.

Total Population: 248,007 (Male: 122,658; 49.5%, Female: 125,349; 50.5%)

Population Pyramid created by GetFacts www.getfacts.wisc.edu

This is a top-heavy pyramid with more people in the 45 to 54 year old age range than any other ten-year range, but it has a strong base of youth, too.
