

INVESTOR OPPORTUNITIES

Partner with us to Transform our Community

Join us in our mission of *using data and rallying community to co-create equitable conditions so that every young person can thrive.*

Our Collective Impact Partnership has three pillars of work: Partnership Advancement, Data and Collaborative Action. Your investment supports this work, and the benefits outlined below ensure you are recognized for your contribution.

OUR WHY:

Imagine a world where every child has the chance to thrive, no matter where they start. We are Achieve Brown County, a county wide movement of individuals and organizations committed to improving systems that affect our young people's ability to thrive.

We come together and work together because we recognize that no one nonprofit, school, business, or parent can do this alone. And rather than reacting to problems, we're getting ahead of them, using data, connecting the dots and driving progress.

Together, we will create a Brown County where all young people can thrive.
